PROFILE SUMMARY

Full-Stack Developer specializing in the MERN stack (MongoDB, Express.js, React.js, Node.js) with hands-on experience building scalable web applications and RESTful APIs. Skilled in developing responsive user interfaces and efficient backend systems while working with modern JavaScript technologies. Passionate about solving real-world problems through code and continuously learning new tools to improve performance and user experience.

PROJECTS

AI SaaS Exam Preparation Platform

- Developed a full-stack web application using React.js, Node.js, Express.js, and MongoDB for AI-assisted exam preparation.
- Implemented features for generating notes, diagrams, graphs, and short revision content using AI.
- Developed JWT-based user authentication and protected application features.
- Implemented a credit-based usage system to control access to AI-powered features.
- Integrated Stripe for payment processing, subscriptions, and subscription plans.
- Deployed both frontend and backend applications on Render.

Wanderlust – Travel and Stay Booking Platform

- Developed a full-stack web application for users to explore, list, and book rental properties.
- Implemented user authentication, sessions, and cookies using Passport.js.
- Developed and integrated REST APIs with MongoDB for property and application data management.
- Built responsive user interfaces using Bootstrap and modern frontend development practices.

Zerodha Clone – Full Stack Trading Platform

- Built a full-stack trading platform with JWT-based authentication and protected API routes.
- Developed reusable React components and dashboard modules using a component-driven architecture.
- Implemented structured routing to improve application organization and frontend scalability.
- Integrated REST APIs with MongoDB and developed responsive web interfaces.

TECHNICAL SKILLS

Programming Languages: JavaScript, Core Java

Frontend Development: React.js, Redux, Bootstrap, Tailwind CSS,

Backend Development: Node.js, Express.js, RESTful APIs

Databases: MongoDB, MySQL

Developer Tools: Git, GitHub, Postman, VS Code

EDUCATION

B.Tech in Computer Science

Shri Ram Group of Colleges, Muzaffarnagar | AKTU University, Lucknow

2022 – 2026

CGPA: 7.68/10.0

Class XII (PCM)

Lala Indra Prakash Janta Inter College, Babri, Shamli, UP Board

Mar 2022

67%

Class X

Lala Indra Prakash Janta Inter College, Babri, Shamli, UP Board

Mar 2020

82.3%

CERTIFICATIONS

- Delta: Full Stack Web Development (MERN Stack– Apna College | September 2025
- Alpha: Data Structures and Algorithms with Java – Apna College | April 2025
- Workshop on IoT and Cyber Security: Trends, Challenges and Solutions
